

THE WAY YOU EMPLOY MIGRANTS IS CHANGING.

From 4 July most employers will need to be accredited to employ migrant workers.

From 4 July 2022, to hire a migrant on the new Accredited Employer Work Visa employers need to:

1. Become accredited with Immigration New Zealand
2. Do a job check application for each position you want to fill
3. Invite the migrant worker to apply

Visit the Immigration New Zealand website to learn more about the changes and how it will affect you.
